

### Williams Professional Refrigeration

# Counter Series

Williams present a series of ergonomic counter type refrigerators, built to maximise storage space and available with a variety of options for greater user flexibility

## Counter Series

## **General Features**

### 01.

#### **Condensing Unit**

- Removable cassette type condensing unit and evaporator
  - Zero down time, whole unit with evaporator can be replaced with new one immediately
  - Interchangeable temperature cassette unit allows flexible application
  - Easy for maintenance on-stie if necessary
  - Allows ventilation and service maintenance at front, and thus enabling the compact equipment set up

#### 02.

#### **CoolSmart Controller**

- Automatic internal condition detecting to ensure efficient energy use
   Energy saving up to 15%
- Intelligent defrost function

Ensures the evaporator working to its optimum performance

- The interval of compressor start and rest time can be limited
   Reduces wear and tear and prolonging compressor life
- Self-diagnostics

Self performance check to indicate the operational condition

• Failsafe device for failure of thermocouple

Minimises the loss of food products and reduces wear and tear of the compressor due to the sensors failed

- Audible and visual Hi/Lo, door open (over 5 minutes) alarm for freezer

  Ensures food quality and minimises energy consumption
- HACCP compliant

Ensures the food safety of Williams products

03.

304 Grade stainless steel exterior and interior finish

Foodsafe, durable and easy cleaning

04.

High density insulation foam with zero ODP (Ozone Depletion Potential) and low GWP (Global Warming Potential)

Provides excellent thermal efficiency and is environmental-friendly

05.

Accurate helium leak detection system for entire refrigeration system

Quality guaranteed

06.

Automatic vaporising the defrost water in remote type

No drain connection is required

07.

Air release point on magnetic door gaskets

Excellent sealing and avoids slitting caused by door closing pressure

.80

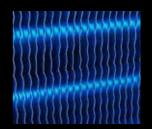

Designed and engineered to operate up to 43°C ambient

Effective in the harshest environment

09.

**HACCP** compliant

Ensures the food safety of Williams products

10.

Condenser and evaporator with Hydrophilic aluminium fins

Provides high corrosion resistance properties

11

Varied table top profiles

Flexible for different customers' needs

12.

Adjustable racking system

Allows flexible storage and ease of cleaning

13.

Anti-tilt trayslides

Prevents tipping but easy to remove for cleaning

14.

**Cylindrical door locks** 

Added security and stock control

15.

**Door mullion heaters** 

Anti-condensation and prevents potential dirt traps

20.

Hygienic one-piece stainless steel dished base with radiused corners

Easy for cleaning and prevents potential dirt traps

16.

Optional Heated film glass door

Anti-condensation and clear visibility

21.

Air ducting for two sections or above

Ensures the cool air can spread to everywhere inside the counter

17.

Removable balloon type magnetic door gaskets

Prevents dirt traps and ensures easy replacement

22.

Forced air circulation system

Ensures fast and even cool air distribution

18.

**Self-closing doors** 

Avoids heat ingress and reduces energy consumption

23.

Optional fully extendable work out drawer

Allows vertical access (without bullnose at front) of the full-loaded GN pan

19.

Over 90° door opening

For easy loading and stock checking

24.

Adjustable legs or castors (optional)

Maximises flexibility and stability

Williams Refrigeration is renowned for its

# innovative designs and quality of product build

as well as its ability to provide tailor-made solutions. We have the technical know-how and expertise to design and create bespoke solutions.

## **Opal, Emerald & Bakery** Key Features

Ergonomic counter design with different Gastronorm size and configurations to suit any application

\* Available for Opal and Emerald only

- Removable cassette type condensing unit and evaporator for easy servicing with zero down time
- O2. Excellent thermal efficiency, high density polyurethane insulation with Zero ODP (Ozone Depletion Potential) and Low GWP (Global Warming Potential)
- Adjustable racking system allows flexible storage
- Anti-condensation door mullion heaters
- Removable anti-tilt trayslides to prevent tipping \*
- Self-closing doors minimise cool air loss and reduse energy consumption
- Over 90° door opening allows easy loading and stock checking
- Hygienic one-piece dished base with radiused corners avoids potential dirt traps \*
- Removable balloon type magnetic door gasket with air release points provides an excellent seal to prevent heat ingress, easy replacement and avoiding dirt traps

- 1). Air ducting for two sections or above ensures the cool air is spread to everywhere inside the counter
- 11. 150Hmm adjustable legs (±15 Hmm) to ensure stability on an uneven floor
- 12. Forced air refrigeration system ensures effective air circulation
- 13. CoolSmart controller with clear digital display is designed for easy operation
- 14. Imported, durable and energy-efficient compressors
- 15. Condenser and evaporator with Hydrophilic aluminium fins provides high corrosion resistance properties
- 16. Accurate helium leak detection system ensures the quality of the entire refrigeration system
- 17. Automatic defrost ensures the evaporator working to its optimum performance
- 18. Automatically vaporises defrost water, drainage is not required and applied to self-contain and remote type condensing unit
- 19. Designed and engineered to operate up to 43°C ambient
- 20. Environmental-friendly CFC-free refrigerant (R134a or R404a)
- 21. HACCP compliant

Professional Refrigeration > Counter Series

# Opal, Emerald & Bakery Specification

- Accommodates 1/1 GN size for Opal
- Accommodates 2/1 GN size for Emerald
- Accommodates 400 x 600mm EN size for Bakery
- Foodsafe 304 grade stainless steel exterior and interior
- 1.5mm thick durable 304 grade stainless steel table top
- Galvanised steel exterior back and base
- Fitted with cylindrical lock for door(s)

## Opal, Emerald & Bakery Options

- \* Available for Opal and Emerald only
- # Not available for LO3U/R(J) and LE2U/R(J)

- 304 grade stainless steel exterior back / base
- Pass through door(add 10mm to depth for Emerald)
- 04. Saladette opening \*
- 05. Raised pan holder \*
- Wooden board under table top
- ()7. Table top extension
- 2mm thick 304 grade stainless steel table top
- $\bigcirc$  2, 3 or 1/3 + 2/3 drawers bank \*#
- 1 Cylindrical lock for drawer(s) \*#
- 11. Lock plate
- 12. Internal LED for door type
- 13. Right-hand-side condensing unit
- 14. Remote type condensing unit
- 15. Back / side splash
- 16. Front / side skirting
- 17. Castors in lieu of legs
- 18. 50Hmm skirting with louvre for sitting on plinth
- 1 ). Additional shelving/ trayslides for door type
- 20. 220V/60HZ/1PH

## **Opal, Emerald & Bakery**
